SUNDAY SCHOOL WORKER WILL SPEAK

The Rev. William A. Brown of Chicago, working in the interest of the International Sunday School Association will give an address on Sunday School work at the First Presbyterian Church next Tuesday evening at 7:30 o'clock. Mr. Brown has devoted his life to this work and is therefore able to give many valuable pointers on all matters concerning the betterment of Sunday Schools.

The Sunday School is the most important part of the church work so it behooves all, including officers, teachers, parents and children, to be present at this meeting.

As Mr. Brown will visit only twelve towns in the state of Kentucky, the people of Maysville should feel honored that he has consented to come to our city.

Those who have heard him say that he is a very forceful speaker and should have a packed house to hear him.

FOR CHIEF OF POLICE

The Ledger today announces the candidacy of Mr. R. P. D. Thompson for Chief of Police of this city, subject to the action of the voters at the coming November election. Mr. Thompson has served as Merchant Policeman for a number of years and has performed his duties in a most satisfactory manner. His fitness for the work of the very important office he seeks, cannot be questioned and if elected we are sure his administration would be a good one.

REGISTRATION DAY

Will Be Appropriately Observed in Maysville by All Business Houses and Citizens.

The people of Maysville are preparing to make the day to be set by the President for registration for universal service an occasion of record breaking patriotic enthusiasm and to pay honor to the young men between the ages of twenty-one and thirty-one who are to register on that day for the service of the nation. Although the day has not yet been set it is understood that it will be several days after the proclamation of the President.

On this day the people of Maysville will turn out to do honor to her sons. Business houses will be decorated, a parade is planned, the Mayor will issue a proclamation asking all places of business to close for a while at least, whistles will be blown at the hour on which the places of registration open and Maysville is coming to the front as she always has by having a record breaking registration.

At the places of registration committees of young ladies will decorate each man who registers with a badge reading, "I have Registered. Have you?" The names of the committees in charge of the various activities will be announced within a day or two by the Chamber of Commerce who are making the arrangements. This organization calls on all of the members of the Chamber and of the other organizations in Maysville to assist in making this the greatest day in the history of the city.

The American nation stands at the head of all nations of the earth for thoroughness and justice of action in this great way. No other nation has ever a war with more cool and level head with an eye always to justice to the nation and to the individual. We all stand ready to render the maximum service in this hour of need. We have delegated to those who are most capable of judging where we can render the greatest service to tell us here we can serve best, and on the day to be set aside by the President for universal service we who are selected on account of our fitness for service in the army will step forward and answer "here." Those of us who must remain behind will furnish by personal sacrifice the money that is needed to prosecute the war to a victorious conclusion, but it is to the brave men who are best suited for the army that all honor is due.

Good men are needed. To render this greater service we must be young and healthy, intelligent and patriotic. We will be picked over and only the very best taken.

Within the borders of our city and county there is not a slacker to be found. When our country calls we will go.

The older of us, who cannot shoulder arms in the field, will show our young men on this day that we regard them as heroes who are willing to sacrifice all for their country's sake. The best of us will be selected to fight for the rest of us. Let us show those who go that we honor them for their performance of this great duty.

EXCURSION TONIGHT

The steamer Homer Smith will run one of its very popular excursions from this city tonight, the boat leaving Maysville at 8 o'clock. This excursion promises to be one of the best run by the boat this season as the weather has warmed up considerably in the past several days. The proprietors of the boat say that Maysville is one of the best excursion towns on the Ohio River and they can always feel assured of a crowd from this city. The numerous attractions on board the boat bring out the crowds and coupled with the splendid order maintained make the Smith one of the best excursion boats on the entire river.

BIG CIRCUS HERE

All paraphernalia, tents, animals, etc., to be used in the Elks big circus which opens tomorrow night will arrive today and the mammoth tents will be erected in the East End Ball Park immediately. The professional acts which fill up one half of the program will arrive tonight also. The last rehearsal of the home talent is scheduled for this evening at 8 o'clock so everything is in readiness for the opening of the big show tomorrow night at 8:15. The side show opens one hour earlier.

IMPROVING NICELY

A report from the bedside of Councilman Godfrey Hunsicker, who was stricken with paralysis at his home on East Second street Sunday night, is to the effect that he is getting along nicely and there is but little doubt that he will recover.

The Maysville Model Creamery is paying 80c a pound for butterfat this week.

WEEK END

Will See the Start of the Raising of the U. S. Army—War Bill Will Become Law Within Few Days and Gathering of Forces Will Start.

Washington, May 15—The war army bill probably will become law within the next few days and before the end of the week the comprehensive plan of the War Department for raising a force to fight Germany will be in motion. Conferees from the Senate and House agreed upon the bill today deciding to retain the Senate's amendment under which Colonel Roosevelt may be authorized to raise not more than four divisions of infantry for service in France. The report will be taken up by the House probably tomorrow and its adoption there is expected to be followed quickly by final action in the Senate.

From Congress the bill will go to the White House for the signature of President Wilson before it becomes a law. Although the administration opposed the attachment of any volunteer division to the proposed draft plan, it is generally believed the President will sign the bill with the Roosevelt amendment in it.

The measure as it stands would merely authorize, not command, the recruiting of a volunteer force for service in France.

The Senate today passed the House bill increasing the enlisted strength of the navy to 150,000 men, that of the Marine Corps to 30,000 men and granting increases in pay to the navy's enlisted personnel equal to those provided for the army forces.

Orders were issued today for the organization of four new regiments and two mounted battalions of engineer troops for the regular army to bring the engineer force up to the strength provided for in the National Defense act. The existing first and second regiments of engineers and the two mounted companies now in the southern department will be expanded to form the new units. The third regiment of engineers is on foreign service in Panama, Hawaii and the Philippines and will not be affected.

BUSINESS CONTINUES CAUTIOUS BUT BRISK

Business as a whole the country over continues very good, the reviewers say in their weekly letters covering the past week. According to the Henry Clews letter, April bank clearings were over 30 per cent. heavier than a year ago, part of this rise being due to higher prices. In a few lines there is moderate showing down, due to economy, to conservation created by war, also to greater caution in extending credit to industries working upon a highly inflated basis.

In other lines, however, there has been a perceptible speeding up and a more intense activity than at any time since the war. This is especially true of the steel industry, where orders are being placed right into 1918 and even 1919. The demand for steel munitions, railroad equipment shipbuilding materials, etc., is extremely urgent and heavy. In copper, oil and other industries, there is also unchecked activity and no reaction in sight, demand far exceeding supply.

As an illustration of business development, the April new incorporations in the Eastern States of concerns with a capital of \$100,000 or over, aggregated \$439,000,000, compared with \$224,000,000 a year ago; while the total from January 1st aggregates \$1,170,000,000, as against \$898,000,000 for the same period in 1916. In the State alone, new corporations with a capitalization of \$1,000,000 or over, amounted to \$306,000,000 in April.

There has been extraordinary activity in petroleum development, the total authorizations of new capital since the first of January being estimated at \$212,000,000; while since the beginning of the war the total authorized new capital in this field of industry has run up to the enormous total of \$751,000,000. Another new and highly important field of development has been that of shipping. The new companies of that class organized during the last few months have amounted to over \$70,000,000, making a total of \$180,000,000 since the war began.

"The one unsatisfactory feature to be noted," says the authority quoted, "is the food outlook. This country undoubtedly faces a scarcity, especially when the urgency of helping feed our Allies is considered. Last year's short crops, the backward season, exhausted reserves and the foreign demand, all combined create a serious situation. Efficient government regulation will, no doubt, be helpful in moderating the crisis, and present high prices should stimulate a big acreage, though the shortage of labor which withdrawals for the army will aggravate complicate a critical situation.

"Food economy is absolutely essential, but the largest possible output is the only solution possible, and it remains to be seen whether government regulation or high prices will prove the surest cure. Perhaps both will be necessary. For American farmers a year of great prosperity is ahead, since they can count upon good prices for the largest products within their utmost reach."

HOW TO MAKE WISE PURCHASES

It is quite a problem for the public to know where to buy its goods. All merchants talk plausibly, but some ask higher prices than others. Some are making a constant effort to get good goods at bargain prices and give their customers the benefit. The others take what comes along without effort, and trust to the public to accept it without question.

How is the average consumer to know which merchant can serve the family best? Not everyone can be an expert judge of the value of fabrics and foods. Most people have to take these things somewhat on faith.

The advertising in the home newspaper furnishes the public with the best guide among the pitfalls of retail trade. The man who has enterprise and ambition enough to advertise, has enterprise and ambition enough to make a thorough study of his product, to reach out for the best bargains, and supply goods at moderate prices. Also he must have faith in his goods, or he would not spend money to back them up.

Dr. Dumba should take lessons in urbanity from Count Bernstorff. Because he was found out, the good doctor is still sore. He insists in laying it all on Wilson, when common justice requires that he give Bryan his due. At that, we can not refrain from quoting his character sketch of our sinister and sardonic President as "an obstinate and Anglophilic autocrat filled with doctrinaire stubbornness." We would like to have a cabinet picture of W. J. B. to hang by the side of it.

COTTON TORN UP TO GIVE WAY TO FOOD IN SOUTH

Baltimore, Md., May 13—A warning that each section of the United States must feed itself or go without food was voiced here today by Karl S. Vrooman, assistant secretary of agriculture. He said that with cotton at twenty-two cents a pound, Southern planters are plowing land that has already been sown with cotton and putting in food stuffs.

ALLIES CALL FOR 600,000,000 BUSHELS OF GRAIN—GRONNA

Washington, May 14—During the food debate today Senator Gronna declared the Allies had called on United States to furnish 600,000,000 bushels of grain this year. He did not state the source of his information on the Senate floor, but privately to Senators he established its authenticity.

Sour stomach, clogged up bowels, pimples, blackheads, foul breath are evils of constipation. Hollister's Rocky Mountain Tea regulates the bowels, improves the blood, cleans the stomach, a medicine the whole family should take. J. J. Wood & Son.

TWO FOOD CONTROL BILLS ARE HANDED IN BY GORE

Washington, May 14—Two new food control bills, one authorizing the President to appoint "a controller general of supplies" during the war and another designed to prevent slaughter of immature live stock, were introduced today by Senator Gore, chairman of the Agriculture commission.

The measure proposing a controller provides that in co-operation with other Federal agencies, and to avoid competition "purchase, storage, conservation, transportation, distribution, sale, exchange and control of foods, feeds, fuels and similar necessities" to such extent as Congress shall provide. He would have the salary of a cabinet officer.

NEW WAR-TIME GRIEVANCE

London, May 14—London omnibus conductors have a new war-time grievance. They are complaining that there are now very few "jump-on fares," as they call them. They mean active, vigorous passengers who take a flying leap at the bus without calling on it to stop. The conductors realize that this is a war-time condition because all the young men are at the front. They are grumbling because frequent stops prevent them from keeping time.

THIRD INSTALLMENT OF \$25,000,000 IS RECEIVED BY ENGLAND FROM AMERICA

Washington, May 14—Great Britain today received a third installment of \$25,000,000 of the \$100,000,000 which the United States has agreed to lend to meet British purchases in this country during May.

This brings the amount advanced to Great Britain up to \$275,000,000 to date, and the total to all the allies, exclusive of the \$75,000,000 to be loaned to Belgium, up to \$475,000,000.

The other \$200,000,000 has been divided between France and Italy. Count de Cellere, the Italian ambassador, called today upon Secretary McAdoo, to introduce members of the Italian commission. It is understood that another loan to Italy is being considered.

First actual subscriptions to the Liberty Loan since the announcements of the full details were received today, comprising by the required 2 per cent of the amount of subscription at the treasury. A considerable number of subscriptions accompanied by cash had been received prior to the announcement.

JOSEPH CHOATE, EX-AMBASSADOR, DIES SUDDENLY

New York, May 14—Joseph H. Choate, formerly United States Ambassador to Great Britain, died at 7:30 o'clock tonight at his home in this city.

Mr. Choate had been ill only since this morning. He had taken a very active part in the entertainment in this city of the British and French war mission and attended services at the Cathedral of St. John the Divine with Foreign Minister Balfour yesterday.

Mr. Choate was referred to by Mayor Mitchell at one of the entertainments of the war mission as the foremost citizen of New York.

SPECULATION IN GRAIN FUTURES MAY BE STOPPED

Chicago, May 14.—The low swell of business disturbance due to the entry of the United States into the world war broke in a crested wave over the leading grain exchanges of the country today. Tomorrow representatives of these exchanges will meet here to

discuss the situation—the high prices of grain, the runaway tendency of the market and the attitude of the government at Washington. There is among influential Chicago grain men a sentiment that speculation in futures should be absolutely eliminated, either by complete stoppage of the practice, or by fixing a maximum price for futures. The sentiment, however, was by no means unanimous. It was reported that the Minneapolis delegation expected here tomorrow would oppose such procedure, despite food regulation measures proposed by Congressmen, including Senator Thomas' demand for the closing of all exchanges, where foodstuffs are speculated in. Delegations are expected also from Duluth, Toledo and Kansas City.

The Chicago Board of Trade began the day by taking unprecedented action to curb speculation. Buying of May options in grain was prohibited and outstanding contracts were ordered closed or under maximum prices fixed by a committee of the board. Trading in July and September wheat was curbed for a period of two days except at \$2.75 or under for July and \$2.45 a bushel or under for September. The maximum prices for closing out May corn was fixed at \$1.61½ and for May oats at 73½ cents a bushel.

LEAGUE OF NATIONS ENDORSED IN LONDON

London, May 13.—A league of nations to enforce peace, as championed by President Wilson, William Taft, and other American statesmen, was enthusiastically endorsed today in a resolution unanimously adopted at a meeting attended by 2,100 representative men, including clergymen and members of the houses of Lords and Commons, held under the auspices of the League of Nations Society.

Viscount Bryce presided. The other speakers were the Most Reverend Randall Thomas Davidson, archbishop of Canterbury; Lieutenant General Jan Christian Smuts, Baron Butamasker, Lord Cecil and Viscount Harcourt.

Thunderous applause greeted Lord Butamasker when in presenting the resolution he proposed including Germany in the proposed league.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Forty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 40,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

John J. Bramel, bookkeeper, Walnut street, Maysville, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chandler's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 50c all stores. TAYLOR TO BE AT SHARONVILLE

Cincinnati, May 16.—Claiming that the victory of the Newman car, driven by Billy Taylor, in the Uniontown, Pa., race last Thursday, was more or less a demonstration of the "working of the old horse shoe," several of the veteran drivers who competed against the youngster and his comparatively unknown car, promise to give this winning combination a terrific battle when they next meet it at the Cincinnati Speedway on Decoration Day, May 30, in the 250-mile international championship race.

Two or three of the cars that failed before the full distance of 110 miles had been covered at Uniontown, have arrived here and will be put to further tests on the local track between now and Memorial Day, so that these veterans may not advance the same arguments as used in connection with the Uniontown affair if they should fail to finish inside the money. The fact that the local track is longer and has no such abrupt curves as the Uniontown course is another condition which the non-winners claim will be in their favor.

Meanwhile Taylor, who entered the Cincinnati Speedway race immediately after his victory on Thursday, makes the assertion that there was nothing fluky about his victory—that he won because his car was of better stuff than the others, and was properly handled, and that the expects to carry away a large slice of the \$25,000 purse offered in the Memorial Day event. Taylor will begin active training on the Cincinnati Speedway within a few days, and because of his being practically a stranger in this section, will receive more than ordinary attention from the experts and the speed bugs.

SYSTEM OF DECIMALS IN HANDS OF COMMITTEE

London, May 14.—The whole question of the substitution of metric and decimal system for the present British system of coinage, weights and measures, is now in the hands of a committee under Lord Balfour of Burleigh. The committee is acting under the direction of the Prime Minister's "Committee on Reconstruction After the War," which was appointed several months ago.

The Associated Chambers of Commerce has just adopted a resolution recommending the adoption of the metric system in modified form, and has also recommended that all contracts for sale of agricultural produce, including milk, be legal only when made by weight.

FOR IRISH FREEDOM

Washington, May 14.—Representative Mason, of Illinois, Republican, introduced today a joint resolution which would declare Irish freedom one of the purposes of the entry of the United States into the war, commit the United States to stand for Irish home rule in peace negotiations and to purchase \$100,000,000 of Irish government bonds and provide for the appointment of an American commission to Ireland if the Irish request it.

"COLD-BLOODED PLAN TO CLOSE MAILS TO PRESS"

Washington, May 14.—Newspaper publishers were here today to protest to the Senate Finance committee against the increase in second class mail rates by application of the parcel post zone system, proposed in the \$1,800,000,000 war tax bill.

A statement prepared by a committee of the American Newspaper Publishers' association, headed by Don C. Seitz, of the New York World, said the proposal postal increase was a "cold-blooded proposal to close the mails to newspapers, and would result in so much loss of circulation, especially among farmers, that postal income would decrease and the rural carrier system would entail an even greater loss than at present."

"The newspapers are ready to meet a real, honest tax," said the statement, "even to the point of presenting the Government with all profits, provided other lines of business are asked to do the same, but if it is the purpose of the Government to establish a non-competitive, do-as-we-please, charge-as-we-please postoffice monopoly, it is difficult to see why the Sherman law should be allowed to stand, or why we should speak disparagingly of Prussianism."

The proposed increase, the statement said, "is not a war tax, but an effort to further repress and embarrass the newspaper industry. The rate proposed is an increase of from 100 to 600 per cent, an increase beyond precedent. The newspaper business is today the most heavily loaded in the country. It pays the highest wages, enjoys no form of protection, sells its product at the lowest cost our country will permit, and always at a fixed price. It can not well pass its load along or change from day to day as the merchant meets price raises."

CELEBRATED FIFTIETH WEDDING ANNIVERSARY

The Rev. Dr. W. C. Condit and wife celebrated the fiftieth anniversary of their marriage at their home in Ashland, Ky., Monday, May 14. An invitation was extended to all of their friends to an informal party at their home to celebrate the anniversary. Dr. Condit is perhaps one of the best known Presbyterian ministers in the state and is well known in Maysville. He has been the pastor of the Ashland Church for fifty-one years, going there only a few months before his marriage. His many Maysville friends extend hearty congratulations to him and his wife.

We produce the following which was read by Dr. Condit from the pulpit of the Presbyterian church Sunday:

"Monday, May 14th, will be the fiftieth anniversary of the marriage of your pastor and his wife. Such an occasion is a time when we would gather family and friends to rejoice together. And so feeling that you are all bound to us both, by ties of warm affection we would be glad to welcome at our home Monday afternoon or evening any of you or any others of our friends who are not with us this morning to rejoice with us. There will be no formal invitations. We ask you to tell any others who would be interested, not only Presbyterians but any friends. And we would particularly request that no one add to the weight of obligations we owe you by any gifts in honor of the day."

PRAYER MEETING SERVICE
The regular weekly prayer meeting service of the Central Presbyterian Church will be held this evening at 7:30 o'clock. The service will be conducted by the Rev. W. B. Campbell.

PASSENGER TRAINS MAY BE TAKEN OFF C. & O.

(Huntington Herald Dispatch)

That within the next two weeks the Chesapeake & Ohio railway company will reduce the number of its passenger trains in conformance with government instructions, was said Saturday to be a certainty. Officials, however, are declared to be puzzled as to just what trains could best be dispensed with in the emergency. The object in reducing the number of passenger trains on all railroads is to expedite the movement of provisions and other freight.

On Saturday traffic conditions at Cincinnati were still badly congested, and the effect was being felt on the Huntington division of the railroad.

MISSION WORKER HERE

Mrs. Lila Johnson of Portsmouth, Ohio, a mission worker of that city was in Maysville yesterday. Accompanying her was a young lady, who said her home was in this county. The girl and a man had registered in a Portsmouth hotel as man and wife. After staying there for some time, the man skipped out. A few hours later a child was born to the woman. She was taken in charge by the Mission of the Peerless City and sent to her home in this county.

PROGRESS

We have on exhibition at the north-east corner of our bank building, a safe which was used in a bank at Washington, Ky., considerably over 100 years ago.

Inside our banking room we have installed one of the most modern fire and burglar proof vaults made. You will be greatly interested in seeing its massive construction, the ingenious and faultless locks, the individual safety deposit boxes and all the arrangements for the comfort and convenience of users.

You are invited to come in and let us show you the progress made in the last 100 years in vault construction. Whether you want a box or not, you are welcome.

For less than a cent a day you can rent absolute security for your valuables.

"WIFE WANTED"

"She must be at least thirty-five years of age, weigh 110 pounds; don't have to be good looking at all. Here's your chance, ladies."

The above add was taken from a New York matrimonial paper, whose address will be given upon request. Ladies buy yourself a CAMERA from "De Nuzie" and prepare to answer this add. This fellow wishes a picture of every lady who answers, so get busy and bring your films to us to be finished and you can be sure that we will make you as good looking in the pictures as possible. We have an expert finisher, who is always on the job. Our prices are cheaper and we give much better work than others. Films bought of us developed FREE. Others charge 10c and 15c per roll. We have cameras from \$2.00 to \$40.00 a piece. We can suit your pocket book. Come in and take a look; it's free.

Mr. Christman is back on the job, and will take care of your work in the proper way. Always send your work to
